

INCOMERA FIRST CALL 2015

Use the electronic submission tool to publish your Express of Interest for the INCOMERA call 2015 under: incomera.eu

Scope of the call

INCOMERA will address the problem of “valley of death”, focusing on successfully ended, research projects with a high potential to become a **commercial success**.

INCOMERA will fund **innovative industrial research** likely to provide solutions for **innovative products, processes or services close to the market in the NMP thematic Area**

INCOMERA celebrates the launch of its first joint call for 2015. The call has been launched on 2nd January 2015 while the deadline for the pre-proposal submission is on **27th February 2015** (Two-stage application process).

The project website (incomera.eu) has been enhanced with an online support tool for the electronic submission of proposals for the first call.

For the communication of the first joint call a number of activities have taken place at partner regions.

An information meeting was organised in Namur by **Wallonia and NCP-Wallonie** for promoting the call. An important number of enterprises and stakeholders participated in this conference.

This meeting has counted upon the participation of two other INCOMERA partners region.

Flanders and Région-Nord Pas de Calais were represented in Namur in order to present regional competencies in the field of NMP and the specific eligibility criteria and funding rules.

Partners participating in the first call:

Belgium: Wallonia-DGO6, Flanders- IWT
France: Region Alsace and Region Nord-Pas-de-Calais
Iceland (ICI)
Portugal (FCT)
Romania (UESFISCDI)
Slovakia (SAS)
Turkey (TUBITAK)
